## We Desire to Call Your Attention To

For Lubricating the Valves and Cylinders of Steam Engines.

VALVOLINE is an earth oil specially prepared under the highest steam heat and from which all volatile and earthy matter has been expelled by a process which leaves a pure and heavy oil, which prevents the eating away of bolts and keeps the cylinder and piston packing perfectly clean. This was the first Mineral Oil introduced for steam cylinders and has been in constant use over eighteen years.

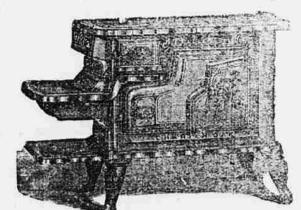

We also manufacture Superior Machine and Spindle Oils for all classes of machinery.

SEVENTY-FIRST DAY

THURSDAY, Sept. 4.

AFTERNOON SESSION. The House resumed at 1,40. REPORTS OF COMMITTEES.

Noble McCarthy explained why he had distributed a certain pamphlet, entitled, "Third Warning Voice," which was that it was addressed to him as chairman of the military committee.

Minister Peterson presented the report of a select committee on certain bills relating to the judiciary. The bill to repeal Chap. 66, Laws of 1888, they recommend to be indefinitely postponed, because the first section enacts a law already in existence, and the second section provides for the repealing of a law not necessary to be repealed. "Your committee have also had under consideration the Report of the Judiciary Commission appointed, under the authorization of the Legislature of 1887, to revise the laws relating to the Judiciary and the jurisdiction of the different courts of the kingdom. The commission appointed reported a bill to the Legislature of 1888, which owing to pressure of work was referred to this House for consideration. Your committee while acknowledging the fact that the present system of the Judiciary is imperfect and many changes might be made with great advantage, think that a task of such magnitude could not be undertaken advantageously at the present session of the Legislature, and therefore recommend that the Report of said Judiciary Commission be referred to the Legislative Session of 1892 for consider-

"Your committee are of the opinion that until a careful consideration of such revised system can be had, one feature of the present system might properly be acted upon at this session, and that is with reference to a Justice who has once passed upon a case reviewing the same case upon appeal, and to remedy which your committee have prepared a bill which they herewith present and recommend the passage thereof." Signed by A. P. Peterson, Jno. E. Bush, Paul Isenberg, H. P. Baldwin, J. H. Waipuilani.

Resolved, That the consideration of the Report of the Committee of Finance be postponed for ten days meantime L. A. Thurston, late Minister of the Interior, be allowed to make an answer in writing to the charges made in such report, and that he be allowed access to the Interior Department for the purpose of examining the books and vouchers

such charges." Rep. Bush was pleased that this step had been taken. It confirmed the view of the petition he had expressed in the morning. Noble Muller moved that the reso-

lution be adopted. Rep. Brown asked leave to with-

draw the petition he had introduced. Rep. Paehaole objected to withdrawal. He moved that the part of the resolution giving Mr. Thurston access to the Interior department be struck out.

Rep. Hookano moved that the resolution be indefinitely postponed. Rep. Nawahi opposed the resolution. It would have been all right if the petition had been withdrawn before the resolution was introduced.

Rep. R. W. Wilcox was against the passage of the resolution, which he believed was introduced, like the petition, for the purpose of blocking the consideration of the finance committee's report by the House. The late Minister had been in town two or three weeks, therefore had ample time in which to reply to the charges.

Rep. Kanealii was not in favor of the resolution. If the House was not careful it would disgrace itself. Mr. Thurston might even convince the committee itself that it was wrong. Then the Minister of Interior would have to get out and Mr. Thurston be put in his place. (Laughter.)

Minister Brown did not like all of the resolution. There need be no fear that the committee would obstruct the late Minister in getting

Rep. Brown accepted the amendment of the hon, member from Molokai. He would like to get the petition out of the House, but the House would not let him. Noble Muller withdrew his motion

to adopt the resolution, as he did not wish to have consideration of the report postponed. Rep. Kalua moved that the reso-

lution be laid on the table. Mr. Thurston had been granted all the privilege he could ask for this morn-

Noble Macfarlane considered the action of the House this morning was outrageous, a censure on the finance committee and the President. Unless that vote was reconsidered he should vote for the reso-

lution, as the committee had no desire to shirk a hearing of Mr. Thurston. He did not propose to quietly submit to having the committee arraigned before the late Minister. There was no reason why the committee, when they discovered irregularities and quoted dates and vouchers, should have gone to Mr. Thurston and the Superintendent of Public Works and asked them what were their motives. The late Minister could come before the committee and make any statement he pleased, besides which he had ac-

that petition to go on record, so that people all over the country could see of what stuff the House was marle. Noble Macfarlane (while Noble Widemann had the floor) asked why the hon, member had not withdrawn

the petition when he had asked him. Rep. Brown replied that it was because he could not. Noble Macfarlane-You could,

and it would have been the decent, dignified course. Rep. Kalua said his motion for leave was out of order, as he did

The matter dropped. Rep. Kalua gave notice of billsrelating to alluvial rights, relating to a railway on Hawaii, to relieve His Majesty from certain embarrassments. He also moved a resolution:

not have the floor.

Resolved, That the Minister of the Interior be requested to inquire of the President of the Board of Health what are the reasons why Dr. Lutz has resigned, and whom do the Board of Health propose to put in his place.

The mover said that Dr. Lutz had informed him an hour or two ago that he had resigned his position at Kalihi Receiving Hospital, on account of the treatment he had received from the Board of Health within the past few days. The select committee had made certain recommendations on the difficulty at the hospital, which were referred to the Board of Health, probably only to be pigeon-holed. Dr. Lutz had been brought to this country at great expense to treat the lepers, and he wanted to know whether the House consented to the Board's conduct in forcing him to resign.

Rep. Bush was glad in one sense that Dr. Lutz was compelled to resign, because it brought prominently to view the treatment that had been accorded to native Hawaiians the past ten or fifteen years. It was nothing but professional jealousy on the part of the other doctors which had brought about this state of affairs. Dr. Lutz was the first physician who could show improvement in his patients on account of his treatment, for what was supposed to be leprosy but a matter of doubt even among medical men. Because his treatment had been so successful he was an eyesore to the other physicians. Whom did Dr. Kimball ever cure or help to cure of this disease? The speaker would scarcely be sorry if Sister Rose Gertrude was also compelled to resign, as it would bring the conduct of these people to the notice of the civilized world. They had assailed the character of this lady who had come all the way from England to nurse the sick people. The patients were crying their eyes out at the prospect of losing Sister Rose and Dr. Lutz. Missionary children were the worst in this respect, and the Board of Health

should be changed. Rep. R. W. Wilcox said that no man of honor would remain in the service of the Board of Health after treatment such as Dr. Lutz had received. The Ministers sat in their places day after day doing nothing, when they could have prevented this trouble by removing obnoxious members of the Board of Health.

Rep. Pachaole spoke of the importance of the matter. The late Government informed the Legislature of 1888 that Dr. Unna, a celebrated specialist, had recommended Dr. Lutz, who was a pupil of his. This doctor had come here and begun a course of treatment, but before his experiments had reached a decisive stage this trouble had caused his resignation. He hoped the resolution would pass and that Dr. Lutz would be induced to withdraw his resignation.

The resolution was adopted. Rep. White gave notice of a bill to prevent the mutilation of coin.
